HERE'S WHERE THIS SALE IS TO BE HELD . . . at Elmcrest Farm,  
owned by Dr. Arthur H. Weiland and managed by Ralph Edge.

THE *Sangamon District*  
OF CENTRAL ILLINOIS

"There is no richer soil in the world . . . no area with a greater concentration of superior Shorthorns."

The Sangamon District . . . the area around Springfield, Illinois . . . is one of the world's finest farming sections. Shorthorn cattle always have played an important role in the diversified agriculture of the District. The farmers of this area believe in good seed and modern tools. That is why their Shorthorn herds are headed by bulls of national fame.

Because this is a diversified farming area, the herds are not large enough to warrant individual, annual sales. The twice-a-year Sangamon District sale has become the auction sale outlet. Sangamon District breeders point their best productions toward it. Seed stock from this sale has been dispersed to all corners of the nation. The word always comes back . . . "THESE ARE THE GOOD DOING KIND."

**E L AMBITION**—This bull was a member of our 1957 show herd. He is out of the excellent imported cow Banchory Ury Maid that Les Mathers purchased for us in Scotland. While in quarantine she was mated to Imp. Kair Ambition, the good son of Calrossie Crocus Count that is in service in the Reford Gardhouse herd. Representing a combination of the blood of Calrossie Crocus Count and Kirkton Baronet, it must be admitted that this bull will bring to his new owner the best blood of Scotland. He is ready for service. He is out of the same dam as E L Cargill, the bull that we sold in the 1956 Metz sale at \$1,000.

Phopachy Huntsman is the great son of Kirkton Baronet that was chosen to follow the International grand champion Kelburn Banker Royal in the Elmcrest Herd. He is proving a great nick with the champion's daughters. An outstanding son and two beautiful daughters are selling along with the great imported cow carrying his service.

## SANGAMON DISTRICT SHORTHORN BREEDERS' ASSOCIATION SALE

A typical scene at Elmcrest Farm. The Elmcrest calves in this sale are one of cows like these.

The cattle in this sale are not the tail ends from second rate herds. The Sangamon District of Illinois is filled with excellent herds. Few are large enough to hold individual sales so these breeders retain their better cattle for this annual event. This year the offering is beyond doubt the best that has ever been made from this district group, from the heart of the greatest beef producing area in the country and in a Shorthorn stronghold. Great bulls are used in these herds and each year the program of improvement going on in the herd of every consignor shows up without question in the quality of the offering.

The members of the Sangamon District Short-horn Breeders' Association are grateful to Dr. Arthur H. Weiland, owner of Elmcrest Farm, for making available the wonderful accommodations of this farm for the holding of this annual sale. A cleaner, more beautiful place for such an event would be difficult to find . . . and the consignment from Elmcrest Farm is always a strengthening feature of the sale.

She is a 6-year-old daughter of Corrimony Golden Sovereign. She has been one of our most prolific producers having had five calves for us, the first one in February, 1953, and the last one in May, 1957. H P PRINCESS MARY—A sweet heifer backed by a wonderful imported pedigree. Note that she is a granddaughter of Calrossie Crocus Count, whose calves have been the sensation of Perth sales in recent years.

From the very first sale ever held under the auspices of the Sangamon District Association, John T. Cooper has been one of the most loyal consignors. His cattle have proved dependable for all who have purchased them. He will sell five females and three bulls in this sale. He has not supplied footnotes for the five females but breeding dates and other data will be announced on sale day and prospective buyers may rest assured that these cattle will prove profitable.

Fredale Lassie 8th 2754653  
Roan, Fred Lakamp & Son

We call attention to the fact that Fred LaKamp & Son are offering five March heifer calves in this sale sired by Westmont Mandarin, by the noted Cruggleton Allardice. This is a very uniform group of red and roan spring calves, all out of dams by a top breeding son of Divide Waverly. All are calfhood vaccinated and are just right for 4-H and FFA projects. Elmcrest Farms will also offer two white club calves that show great promise.

# American Shorthorn Breeders' Ass'n. Guarantee

1. Proper care must be given by purchaser to protect qualities and health of guaranteed animals.
2. All bulls are guaranteed breeders, provided they are not allowed to serve when under 14 months of age, or allowed to run with the herd when under 20 months of age. In case of failure of a bull to be a breeder notice shall be given to the seller within six months of date of purchase, or by the time the bull is 20 months of age, if purchased under 14 months of age.
3. With the exception of heifers sold under 14 months of age, all females are guaranteed breeders. Heifers under two years of age shall not be served by a heavy or old bull. Cows or heifers sold as bred, or safe in calf, not proving to be in calf must be reported to the seller within three months after date of sale. Females over 14 months of age sold open, not settling within six months after date of sale, shall be promptly reported to the seller.
4. When an animal fails to comply with the above guarantee the seller has the option of substituting an animal of equal value to the satisfaction of the purchaser, or of having the animal returned for a trial for a period not to exceed six months. The expense of freight in such case is to be paid by the seller. If the animal is then proved to be a breeder beyond doubt it shall be returned to the purchaser at his expense. In case of dispute the return of the full purchase price, without interest, to the buyer will be considered full settlement and satisfaction of all claims. No charge for feed or maintenance shall be made by either buyer or seller. Salvage shall go to the seller. It shall be understood that the same guarantee given for the first animal shall likewise apply to any animal later substituted.
5. Certificates of registry and transfers will be furnished with each animal sold. A signed pedigree application for unborn calves should be furnished with bred females, showing names and record numbers of sire and dam, as well as service date.
6. Shipment will be made as soon as possible after the close of the sale, but at purchaser's risk of loss or injury after animal is bid. Where cattle are sold at private treaty the above terms should apply as well as for sale at auction.

All animals sold in this sale will be backed by the above Standard Guarantee.

As a safeguard to prospective buyers, every animal has successfully passed a clean abortion blood test within 30 days prior to the sale, or will have Certificates of Bangs Calfhood Vaccination, and those that are not from Accredited herds have passed a clean Tuberculin test within the same period. Health certificates will be provided with each lot sold.
